My First Book of Hindi Words is a beautifully illustrated book that introduces young children to Hindi language and Indian culture through everyday words. Organized as an ABC rhyming book, My First Book of Hindi Words incorporates common Hindi words into charming English-language rhymes, beginning with: "A is for akash. A sky so blue where little birds fly and big planes, too," and on through "Z is for zukhaam. Achoo! I sneeze. I must have a cold. Mama, hug me please!" Winsome, full-color pictures illustrate each word and allow even very young readers to make their first foray into India's official language. A helpful glossary at the end makes it easy for readers—including parents and teachers—to review what they've learned! With the help of this book, we hope more children (and adults) will soon be a part of the 300 million people worldwide that speak Hindi!

A much-needed program to prevent and reverse disease, and discover a path to sustainable, long-term health from an acclaimed international doctor and star of the BBC program Doctor in the House. How to Make Disease Disappear is Dr. Rangan Chatterjee's revolutionary, yet simple guide to better health—a much-needed, accessible plan that will help you take back control of your health and your life. A physician dedicated to finding the root cause of ill health rather than simply suppressing symptoms with drugs, Dr. Chatterjee passionately advocates and follows a philosophy that lifestyle and nutrition are first-line medicine and the cornerstone of good health. Drawing on cutting edge research and his own experiences as a doctor, he argues that the secret to preventing disease and achieving wellness revolves around four critical pillars: food, relaxation, sleep, and movement. By making small, incremental changes in each of these key areas, you can create and maintain good health—and alleviate and prevent illness. As Dr. Chatterjee, reveals we can reverse and make disease disappear without a complete overhaul of our lifestyle. His dynamic, user-friendly approach is not about excelling at any one pillar. What matters is balance in every area of your life, which includes: Me-time every day An electronic-free Sabbath once a week Retraining your taste buds Daily micro-fasts Movement snacking A bedtime routine Practical and life-changing, How to Make Disease Disappear is an inspiring and easy-to-follow guide to better health and happiness.

He also established the Gujarat Cooperative Milk Marketing Federation to market its products.
