~~Another philosophical description of the source of the bagua is the following by King Wen of the Zhou Dynasty (1122-256 BC): ‘When the world began, there was heaven and earth. Heaven mated with the earth and gave birth to everything in the world. Heaven is Qian-gua, and the Earth is K’un-gua. The remaining six guas are their sons and daughters’.~~

~~The Genesis creation narrative is the creation myth of both Judaism and Christianity. The narrative is made up of two stories, roughly equivalent to the first two chapters of the Book of Genesis.In the first, Elohim (the Hebrew generic word for God) creates the heavens and the Earth in six days, then rests on, blesses and sanctifies the seventh (i.e. the Biblical Sabbath).~~

~~The Huainanzi has in recent years been recognized by scholars as one of the seminal works of Chinese thought at the beginning of the imperial era, a summary of the full flowering of early Taoist philosophy. This book presents a study of three key chapters of the Huainanzi. The Treatise on the Patterns of Heaven, The Treatise on Topography, and The Treatise on the Seasonal Rules, which collectively comprise the most comprehensive extant statement of cosmological thinking in the early Han period. Major presents, for the first time, full English translations of these treatises. He supplements the translations with detailed commentaries that clarify the sometimes arcane language of the text and presents a fascinating picture of the ancient Chinese view of how the world was formed and sustained, and of the role of humans in the cosmos.~~

~~“Ripley Todd just wants to live a quiet, peaceful kind of life. Her job as a sheriff’s deputy keeps her busy and happy, and she has no trouble finding men when she wants them—which, lately, isn’t all that often. She’s perfectly content, except for one thing: she has special powers that both frighten and confuse her—and though she tries hard to hide them, she can’t get them under control. Distraction soon arrives in the handsome form of MacAllister Booké—a researcher who’s come to investigate the rumors of witchcraft that haunt Three Sisters Island. Right from the start, he knows there’s something extraordinary about Ripley Todd. It’s not just her blazing green eyes and her sultry smile. There’s something else. Something he can detect, but she’ll never admit. Fascinated by her struggle with her amazing abilities, he becomes determined to help her accept who she is—and find the courage to open her heart. But before Ripley and Mac can dream of what lies in the future, they must confront the pain of the past. For Three Sisters shelters centuries of secrets—and a legacy of danger that plagues them still...”-~~

~~DJ is David McLean’s eldest grandson, so it stands to reason that he be the one to scatter his beloved grandfather’s ashes. At least that’s how DJ sees it. He’s always been the best at everything—sports, school, looking after his fatherless family—so climbing Kilimanjaro is just another thing he’ll accomplish almost effortlessly. Or so he thinks, until he arrives in Tanzania and everything starts to go wrong. He’s detained at immigration, he gets robbed, his climbing group includes an old lady and he gets stuck with the first ever female porter. Forced to go polepole (slowly), DJ finds out the hard way that youth, fitness level and drive have nothing to do with success on the mountain—or in life. DJ’s adventures start in Jungle Land, part of The Seven Prequels and continue in Sleeper, part of The Seven Sequels.~~

~~Discusses the foundational beliefs of the Mormon Church by focusing on early Mormon conceptions of death.~~

~~New science has surprised many by showing, contrary to received wisdom, that a real Adam and Eve could have lived amongst other humans in historical times and yet be the ancestors of every living person, as traditional Christianity has always taught. This theory was first published in book form in 2019, but Jon Garvey, familiar with it from its early days, believes it helps confirm the Christian account of reality by giving it a solid foundation in science and history. In this book he argues that the long existence of other people before and alongside Adam was in all likelihood known to the Bible’s original authors. This conclusion helps build a compelling biblical “big story” of a new kind of created order initially frustrated by Adam’s failure, but finally accomplished in Christ. This “new creation” theme complements that of the “old creation” covered in his first book, God’s Good Earth. The two together contribute to a unified, and fully orthodox, understanding of the overall message of the Bible.~~

~~The concept of yinyang lies at the heart of Chinese thought and culture. The relationship between these two opposing, yet mutually dependent, forces is symbolized in the familiar black and white symbol that has become an icon in popular culture across the world. The real significance of yinyang is, however, more complex and subtle. This brilliant and comprehensive analysis by one of the leading authorities in the field captures the richness and multiplicity of the meanings and applications of yinyang, including its visual presentations. Through a vast range of historical and textual sources, the book examines the scope and role of yinyang, the philosophical significance of its various layers of meanings and its relation to numerous schools and traditions within Chinese (and Western) philosophy. By putting yinyang on a secure and clear philosophical footing, the book roots the concept in the original Chinese idiom, distancing it from Western assumptions, frameworks and terms, yet also seeking to connect its analysis to shared cross-cultural philosophical concerns.~~

~~That bad things happen to good people was as true in early China as it is today. Franklin Perkins uses this observation as the thread by which to trace the effort by Chinese thinkers of the Warring States Period (c.475-221 BCE), a time of great conflict and division, to seek reconciliation between humankind and the world. Perkins provides rich new readings of classical Chinese texts and reflects on their significance for Western philosophical discourse.~~

~~Much of the literature on the book of Revelation paints a frightening apocalyptic vision of the end times. Michael Battle offers an alternative look at Revelation in this new work, seeing it instead as a hopeful call to bring heaven on earth. Battle explores the problematic imagery found in Revelation before showing how similar problems play out in our contemporary world. Battle sees Revelation as a guide that shows us that we can live out God’s call for heaven on earth by living in community with one another, as exhibited through the writings of Martin Luther King Jr., Desmond Tutu, Rowan Williams, and Ubuntu theology. He writes, “ I seek to imagine in my particular Christian context how a view of heaven need not lead to culture wars and further excuses for oppressing others. Heaven, as envisioned by John of Patmos, has much greater purpose.â€~~

~~A powerful, epic novel of four friends as they grapple with desire, youth, death, and faith in a sweeping story by the international bestselling author of The Solitude of Prime Numbers “ Perfect, moving, honest, brilliant, with characters who feel like old friends. ” –Andrew Sean Greer, Pulitzer prize-winning author of Less “Heaven and Earth is a stunning achievement and confirms him as an electrifying presence in contemporary fiction. ” –André Aciman, author of Call Me By Your Name and Find Me Every summer Teresa follows her father to his childhood home in Puglia, down in the heel of Italy, a land of relentless, shimmering heat, centuries-old olive groves and families who have lived there for generations. She spends long afternoons enveloped in a sunstruck stupor, reading her grandmother’s paperbacks. Everything changes the summer she meets the three boys who live on the farm next door: Nicola, Tommaso and Bern - the man Teresa will love for the rest of her life. Raised like brothers on a farm that feels to Teresa almost suspended in time, the three boys share a complex, intimate and seemingly unassailable bond. But no bond is unbreakable and no summer truly endless, as Teresa soon discovers. Because there is resentment underneath the surface of that strange brotherhood, a twisted kind of love that protects a dark secret. And when Bern - the enigmatic, restless gravitational centre of the group - commits a brutal act of revenge, not even a final pilgrimage to the edge of the world will be enough to bring back those perfect, golden hours in the shadow of the olive trees. An unforgettable story of enduring love, the bonds between men, and the all-too-human search for meaning, Heaven and Earth is Paolo Giordano at his best: an author capable of unveiling the depths of the human soul, who has now given us the old-fashioned pleasure of a big, sprawling novel in which to lose ourselves.~~
