The MerCruiser 5.0-liter engine, manufactured by Mercury Marine, was designed, according to boattest.com, to be affordable and dependable. It utilizes the Thunderbold V-ignition system. With this system, it is possible for carbureted engines to provide many of the same engine-management benefits associated with fuel-injection engines.

Digging into Chinese folktales, Mr. Woo tells us stories about falling in love in a world that is distant in time and place, distinct in culture and expectations, each with a touch of the exotic. In these tales dating from the Han Dynasty to the Ming Dynasty, dramas unfold in the Imperial palace, along the back roads, and in gardens perfumed with the scent of peony blossoms in the moonlight.

More and more sailors and powerboaters are buying and relying on electronic and electric devices aboard their boats, but few are aware of proper installation

States is and will remain a maritime nation, and our security and prosperity are inextricably linked to our ability to operate naval forces on, under and above the seas and oceans of the world. To that end, the Navy executes programs that enable our Sailors, Marines, civilians, and forces to meet existing and emerging challenges at sea with confidence. Six priorities guide today's planning, programming, and budgeting decisions: (1) maintain a credible, modern, and survivable sea based strategic deterrent; (2) sustain forward presence, distributed globally in places that matter; (3) develop the capability and capacity to win decisively; (4) focus on critical afloat and ashore readiness to ensure the Navy is
