Getting through to someone is a critical, fine art. Whether you are dealing with a harried colleague, a stressed-out client, or an insecure spouse, things will go from bad to worse if you can't break through emotional barricades and get your message thoroughly communicated and registered. Drawing on his experience as a psychiatrist, business consultant, and coach, author Mark Goulston combines his background with the latest scientific research to help you turn the “ impossible ” and “ unreachable ” people in their lives into allies, devoted customers, loyal colleagues, and lifetime friends. In Just Listen, Goulston provides simple yet powerful techniques you can use to really get through to people including how to: make a powerful and positive first impression; listen effectively; make even a total stranger (potential client) feel understood; talk an angry or aggressive person away from an instinctual, unproductive reaction and toward a more rational mindset; and achieve buy-in--the linchpin of all persuasion, negotiation, and sales. Whether they're coworkers, friends, strangers, or enemies, the first make-or-break step in persuading anyone to do anything is getting them to hear you out. The invaluable principles in Just Listen will get you through that first tough step with anyone. With this groundbreaking book, you will be able to master the fine but critical art of effective communication.

Perfect for fans of Morgan Matson and Jenny Han, this latest from YA contemporary queen Kasie West is an adorable rom-com loosely inspired by Sleepless in Seattle. Talking to other people isn't Kate Bailey's favorite activity. She'd much rather be out on the lake, soaking up the solitude and sunshine. So when her best friend, Alana, convinces Kate to join their high school's podcast, Kate is not expecting to be chosen as the host. Now she'll have to answer calls and give advice on the air? Impossible. But to Kate's surprise, she turns out to be pretty good at the hosting gig. Then the podcast gets in a call from an anonymous guy, asking for advice about his unnamed crush. Kate is pretty sure that the caller is gorgeous Diego Martinez, and even surer that the girl in question is Alana. Kate is excited for her friend . . . until Kate herself starts to develop feelings for Diego. Suddenly, Kate finds that while doling out wisdom to others may be easy, asking for help is tougher than it looks, and following your own advice is even harder. Kasie West's adorable story of secrets, love, and friendship is sure to win over hearts everywhere.

FRIGHTENED MONSTERS. STOLEN TIME. AND ONE SERIOUSLY UNDERESTIMATED DAMSEL. Katie ran from the magical world years ago. She never planned on being dragged back in by a prophesying clamshell. The seers believe she alone can prevent an apocalypse of ruined time and broken worlds. Bran the Crow King believes she can save him from his cannibalistic grandfather. Katie believes they're all nuts. One thing is for certain: she's not waiting around for help. Operation Katie Saves her Own Damn Self is officially on.
