The Diary Of Soren Kierkegaard by Søren Kierkegaard "The seducer's diary" is a transcription of part of Johannes diary. Here the reader will be able to follow the different stages of Johannes seduction (and ultimate betrayal) of Cordelia, his prey. The way in which Johannes plans the above mentioned seduction is rather astonishing, due to the fact that he thinks about it as a "war of conquest" that he has to win little by little, through many well-conceived strategies.

“ The Seducer ’ s Diary ” is Johannes Climacus ’ s detailed, firsthand account of his wooing a young woman named Cordelia. For the majority of the diary, Johannes Climacus plots the seduction very slowly and deliberately. He takes great pleasure out of planning the seduction and doesn ’ t even speak to Cordelia until the last quarter of the diary.

Johannes Edouard Hohlenberg wrote a biography about Søren Kierkegaard in 1954 and in that book he speculated that the Diary of the Seducer was meant to depict the life of P.L. Moller who later (1845) wrote the articles in The Corsair detrimental to the character of Kierkegaard. The Diary of a Seducer by itself, is a provocative novella, and has been reproduced separately from Either/Or several times.

Soren Kierkegaard, who was born in Denmark and died there at the age of forty-two, is regarded by many as the father of existentialist thinking. During his lifetime the Hegelian theologian he reacted against the Hegelian theologians in Denmark, denounced organized religion and held that the act of choice by an individual was all-important. The Diary covers the important elements in Kierkegaard's life, including his childhood, his relations with his father, the influence of other writers on him, his broken engagement (which had a far-reaching effect on the rest of his life), and his celebrated quarrel with the Church. Kierkegaard's writings are important because he is almost the first European writer to take a modern, analytical, psychological approach to religion. Proust, Joyce, and Aldous Huxley were only a few of the modern writers influenced by the Dane; and Jean-Paul Sartre's philosophy of existentialism is based on his thinking.

Olsen. Kierkegaard fell in love with the young woman, ten years his junior, proposed to her, but then broke off their engagement a year later. This event affected Kierkegaard profoundly. Olsen became a muse for him, and a flood of volumes resulted. His attempt to set right, in writing, what he feels was a mistake in his relationship with Olsen taught him the secret of "indirect communication." The Seducer's Diary, then, becomes Kierkegaard's attempt to portray himself as a scoundrel and thus make their break easier for her. Matters of marriage, the ethical versus the aesthetic, dread, and, increasingly, the severities of Christianity are pondered by Kierkegaard in this intense work.

Diary of a Seducer records Johannes's discovery of a girl with the Shakespearean name Cordelia, whom he sets out to control. Intricately, meticulously, cunningly, the seduction proceeds. No detail is too small to escape Johannes. "She sits on the sofa by the tea table and I sit on a chair at her side. This position has an intimate quality and at the same time a detaching dignity." Less erotic than an intellectual depiction of seduction, Diary of a Seducer shows the casuist Kierkegaard in what he characterized as the aesthetic mode. A new introduction by Michael Dirda puts this influential novella into high relief.

Johannes is an aesthete, dedicated to creating the possibility of seduction through the careful manipulation of young women. He stealthily pursues the innocent Cordelia until she becomes increasingly drawn to him. But when she is ready to give herself completely, she realizes she may have got everything wrong. United by the theme of love, the writings in the Great Loves series span over two thousand years and vastly different worlds. Readers will be introduced to love 's endlessly fascinating possibilities and extremities: romantic love, platonic love, erotic love, gay love,
