The Road To Zero Landfill

In Teton County, as in other communities with the goal of zero waste, it's important to understand that "zero" is an ideal. Achieving this ideal involves incremental goals with measurable targets. The Teton County Road to Zero Waste Plan identifies the initial goal of 60 percent waste diversion from landfill or incineration by the year 2030.

Road to Zero Waste - How Do You RRR

Since July 2018, this high tech machine has diverted 9500 kg of organic waste and is saving the college from trucking leftovers twice a week to a landfill that is over one hour away. "This food waste composting technology is the milestone in making Zero Waste Campus", quoted by the Dean, College of Agriculture, Pune.

The Road to Zero Waste Campus - Environ Recycling

Locally, the pursuit of zero waste means a commitment to Reduce, Reuse, Recycle and Compost as much as possible and limit the amount of material disposed of through incineration and landfilling. The Road to Zero Waste is the name for the initiative undertaken by Teton County Integrated Solid Waste and Recycling (ISWR) to provide and coordinate strategies to

waste less.

What Does Zero Waste To landfill Status Mean? It sounds impossible, but zero landfill is just that: zero waste goes to a landfill or incinerator. Technically, the Zero Waste International Alliance (ZWIA) guideline is that a business must reduce their waste's impact to landfills, incinerators and the environment by 90% or more. Meaning, as much as 10% of their waste may still be disposed of by traditional means.
