Born in 1903 in Romania, Victor Brauner was an active member of the first wave of Romanian avant-garde artists whose concerns anticipated those of Western European Surrealism by 20 years. As such, his paintings are distinguished by their wealth of occult notations and an eclectic use of diverse religious symbolism. Brauner's work attests to a unique integration of his Eastern European roots into more flamboyant Western modernism. Despite his many years living in Paris he retained his Romanian identity as evidenced in his choice of titles, his palette, and primarily his choice of imagery, reverting over and over again to his childhood memories and anxieties, to the Balkan landscape, and to the magic and spiritual symbols of his upbringing. This book demonstrates how Brauner's work differs from that of his famous Surrealist counterparts, de Chirico, Ernst, and Tanguy for example, extending our idea of Surrealism itself through his use of poetry, both direct and analogical, his highly narrative depictions of personal and social relations, and his extraordinarily colorful palette.

Ces monographies présentent les brillantes figures artistiques, culturelles et scientifiques, venues de tous les pays faire de Paris, au XXe siècle, le centre du monde et de la Modernité. Les Roumains de Paris est dédié à ces personnalités, arrivées de Moldavie, de Transylvanie ou de Valachie, dont l'œuvre novatrice, dans le génie et la transgression, au croisement des cultures, annonce l'homme européen de demain. Victor Brauner est peut-être le peintre le plus étrange du XXe siècle. Reconnu internationalement, dépassant le surréalisme dont il est issu, Brauner s'est illustré avec ses compositions ésotériques, reprenant des symboles rosicruciens, maçons ou égyptiens, et par ses tableaux érotiques. Le pape du surréalisme, André Breton lui-même, proclamait : " Devant la peinture actuelle de Victor Brauner, ma joie participe du sacré. " La première monographie sur l'artiste, Victor Brauner l'illuminateur, parue il y a un demi-siècle, est un livre devenu légendaire. Son auteur, Sarane Alexandrian, y inaugurerait une méthode très originale de critique d'art, saluée alors par Alain Jouffroy : " La chance de Victor Brauner est d'avoir trouvé en Sarane Alexandrian non seulement un exégète passionné et scrupuleux, mais encore un véritable écrivain, qu'on peut situer dans la tradition de Saint-Simon et de Huysmans ". C'est donc un livre-événement qui paraît aujourd'hui. Le lecteur y trouvera le texte de Victor Brauner l'illuminateur, avec un chapitre inédit dans l'édition de 1954, et plusieurs textes rares ou inédits dans lesquels Alexandrian, qui a été son ami a intime, donne de nouvelles précisions sur cet artiste génial.
