Teen Health Life Skills Curriculum. Tucked away in the glove compartment of every new automobile is a comprehensive manual describing the location and function of each system: brakes, fuel, hydraulics, and transmission. Until now, the average person had to guess or ignore how their miraculous multipurpose, all-terrain Homo Sapiens vehicle operated. Our operator's training explains the body's systems and five senses through interactive worksheets and activities. Topics include the skeletal-muscular system, the circulatory system, the digestive system, the nervous system, the respiratory system, the reproductive system, the lymphatic system, the endocrine system, and the five senses. Book 1 of a 5-book health life skills series. Learner's Workbook (ISBN: 1-58614-167-8) The corresponding Teen Health Life Skills Learner's Workbook contains 96 pages of worksheets and activities and 8 quizzes.
